BILLING INFORMATION

Statements are mailed out around the 5th day of each month and are due, in our office, by the last day of the month. There are two standard charges included on each bill. The facility charge, which is a monthly charge that covers the fixed expenses incurred to deliver electricity to your location regardless of how much is used. The second charge is the energy charge, which is applied to every kWh sold. The total bill is the sum of facility charge, energy charge (subject to production cost adjustment) and applicable taxes.

Non-Payment Disconnect.....	\$60.00
Reconnect After Hours.....	\$125.00
Returned Check.....	\$25.00 plus possible additional deposit

LEASE PAYMENT

What is "Lease Payment"? The lease payment is an amount that Butler PPD returns to each town or village we serve, to lease and operate the electric utility facilities that the village owns in that community. This payment is collected then paid quarterly during the year and used by each community as they see fit. The lease payment is a percentage of the energy and facility charges. This percentage is determined by the village board.

IN-LIEU-OF-TAX

What is "In-Lieu-of-Tax"? The in-lieu-of-tax on your bill is the tax which Butler PPD is obligated to collect and pay to the counties we serve as stipulated in the Public Power Charter adopted by the Nebraska State Legislature when Public Power Districts were established many years ago. The taxes are then distributed by the county to those agencies who are by law entitled to these funds.

BUDGET OR LEVELIZED BILLING

Budget and Levelized Billing is offered to residential customers with a 12 month payment history and when account balance has been paid in full. If the account is delinquent at the time of our next bill calculation, you will be removed from budget. The full account balance will be due immediately.

Budget Billing - The average of the last 12 months becomes the monthly fixed budget amount. This amount is paid for 11 months and the 12th month is the catch-up month. At that time the budget amount is reviewed for the next year.

Levelized Billing - Is the rolling average of your electric usage for the most recent 12 months. The monthly bill may change slightly from month to month but avoids the "catch-up" at the end of the year.

RURAL ELECTRIC MAGAZINE

Butler PPD offers a FREE monthly publication of the Rural Electric Magazine that includes a four page insert customized for Butler PPD. The publication informs customers of changes going on in the local and state level concerning: policies, rates, construction, and other items of interest. It is always available to be viewed through our website www.butlerppd.com. If you prefer a printed publication please contact our office to subscribe.

THIRD PARTY NOTIFICATION

Third party notification is a special procedure you may use to help avoid having electrical service interrupted due to failure to pay a bill because of an oversight or misunderstanding. Please contact our office for more information or to enroll.

ENERGY EFFICIENCY PROGRAMS

Butler PPD with the help of NPPD has an EnergyWise program for homeowners, businesses, and agriculture. The EnergyWise program provides opportunities for you to save energy, money and help the environment. Please contact our office for more information and to take advantage of the available rebates. A full list of incentives can also be found on our website www.butlerppd.com.

AUTO-PAYMENT OPTIONS

Butler PPD offers two different options for automatic payments. First, you can complete the form attached to your application for electrical service. This is processed on the second to last business day of each month. The second option, which works best for selecting a specific date, is to create an online account and set up auto payment. Both options are available with a bank account or credit/debit card.

Customer Express Consent *Questions and Benefits*

The FCC recently adopted new rules regarding prerecorded voice calls and autodialed calls, text or e-mail messages. We are now required to receive written consent in order to continue contacting customers in these forms.

April of 2016, letters and Customer Express Consent forms were mailed to our customers. Those that did not complete and return the form or selected the "Do Not Contact" option are electing not to receive these prerecorded calls, text or e-mails.

What might customers be missing by NOT enrolling in this FREE service?

Planned Outage Notifications:

Prerecorded phone calls are used to alert customers that may be inconvenienced by a planned outage or a service blink. A few examples of these outages may include; pole replacements, house moves, preventative maintenance and equipment upgrades. These advanced notifications allow customers extra time to be more prepared lessening the effect of the outage.

Contract Workers:

Prerecorded phone calls are used to inform customers regarding contractors that have been hired to work for Butler PPD. Examples of these contract jobs may include; pole testing or tree trimming. These advanced notifications allow customers to be aware companies, other than Butler PPD, may be working in the area.

Delinquent Accounts:

As a courtesy to our customers prior to the disconnect for non-payment process, advanced prerecorded phone calls are used to deliver urgent messages requesting customers to contact the office immediately. This is one last reminder allowing customers to make payment or approved arrangements prior to incurring unnecessary charges and disconnection of service.

Alerts and Reminders:

Customers who are enrolled and those who would like to become enrolled in the Alerts and Reminders program are required to return a Customer Express Consent form to avoid interruption of this free service. The program delivers e-mail and/or text message notifications concerning payment due dates, past due reminders and/or payment confirmations helping customers avoid unnecessary charges.

Customers that have not returned the Customer Express Consent form or would like to modify a submitted form may complete and return the consent on the next page. If you have questions or concerns please contact our office.
