

IRRIGATION NEWSLETTER 2025

IMPORTANT NOTES

- **April 4th** – Load Control & Multi-Party changes due.
- **May 31st** – Horsepower bills due.
- **June 2nd** – Test Text Message notification will be sent.
- **June - October** – Monthly Energy bills due last day of month. (Bills are only created if there is usage.)
- **November 30th**—Final irrigation bills due.
- Only Butler PPD Personnel are authorized to open and/or bypass load control devices. Electricians are **NOT** authorized to do this work! If any equipment has been tampered with, the account holder will be penalized.
- If you have a pump panel worked on or replaced by an electrician, please contact us immediately so we can remount your load control unit on the box correctly.
- If you are scheduled to be under control and your load control unit does not respond correctly, please contact our office so we can look into why it is not working properly. This could also cause controlling your well when you are not supposed to be controlled.
- If you have pump testing done, please call us immediately so we can reset your kW so you are billed correctly.
- Notify us if chemicals are sprayed on your fields that might present a health hazard to our lineman.

2025 RATES

Rate	All kWh	Capacity Charge per HP	Facility Charge (Per Year)
40 – Wheels Only (1 phase)	\$0.08435	\$48.20	\$225.00
41 – Wheels Only (3 phase)	\$0.08495	\$48.20	\$399.00
42 – No Control	\$0.10405	\$57.35	\$405.00
43 – 1 Day Control	\$0.07645	\$54.45	\$405.00
44 – 2 Day Control	\$0.07625	\$47.95	\$405.00
45 – Daily Control	\$0.07365	\$24.05	\$405.00
46 – 3 Day Control	\$0.07515	\$29.15	\$405.00
47 – Reuse Pump (1 Phase)	\$0.17625		\$288.00
48 – Reuse Pump (3 Phase)	\$0.17795		\$456.00

If we find a system not wired correctly & unsafe, we will disconnect your service immediately and contact the State Electrical Inspector. Until the inspector has given us approval to re-energize, your service will remain disconnected. Electrical charges will still apply. Please contact us if any changes are made.

CONTROL OPTIONS

Butler PPD offers Monday – Saturday control options. Possible control times are 9am through 11pm, but no more than 12 hours per day on Monday through Saturday and 6 hours on Sunday & July 4th. Control times are set by NPPD, our wholesale electric supplier.

The following are our possible control groups.

1 Day Control (Rate 43)

- ◆ Monday
- ◆ Tuesday
- ◆ Wednesday
- ◆ Thursday
- ◆ Friday
- ◆ Saturday

2 Day Control (Rate 44)

- ◆ Monday-Tuesday
- ◆ Tuesday-Wednesday
- ◆ Wednesday-Thursday
- ◆ Thursday-Friday
- ◆ Friday-Saturday
- ◆ Saturday-Monday
- ◆ Monday-Thursday
- ◆ Tuesday-Friday
- ◆ Wednesday-Saturday

3 Day Control (Rate 46)

- ◆ Monday/Wednesday/Friday
- ◆ Tuesday/Thursday/Saturday

Daily Control (Rate 45)

Sundays & July 4th control hours may apply to any of the above control options, but not in excess of 6 hours per day.

SERVICES WE OFFER

- Text Message Notification—This sends you a text message and/or e-mail notification when your specific control group is controlled or restored. It also sends you a notification of the times set by NPPD. There is a \$35 charge, per year, for two numbers/emails, for all of your accounts. Additional numbers/emails are \$5 each.
- Split Billing—Do you have a tenant or landlord and you split the billing? For a small fee, we can split it for you. Both of you would receive copies of the statement with your portion already calculated. (If you have used this service previously, you **MUST** sign a new form each year.) There is a \$40 charge, per account.
- Alerts and Reminders—We can send you a text message and/or e-mail notification reminding you when your bill is due and when it is past due. There is no charge for us to set this up. Data rates may still apply based on your provider.
- Online Access—You are able to view and pay your bill online. You can also set up automatic payments and view your electric usage with your log in as well.
- Mobile App—You are able to view and pay your bill and see your electric usage right at your finger tips, whenever you would like. This app will also send you notifications regarding your bill.

NO POWER TROUBLE SHOOTING

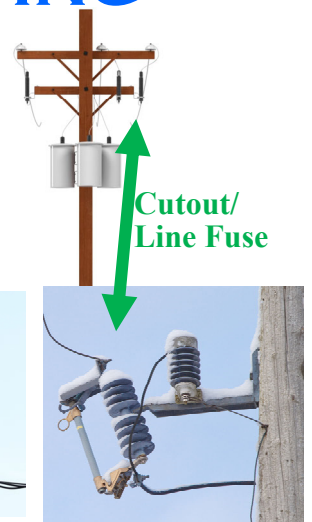

Below are some helpful hints on what to do if you do not have any power at your well.

- Meter Display

Is your meter showing anything or is the display area blank? If it is blank or reads error, call the office to report the outage. If it is showing the meter readings, check your fuses below the meter.

- Line Fuse is Blown

Look up near your transformer(s), are any of the line fuses hanging down? If so, please call the office.

LOAD CONTROL CHANGES DUE APRIL 4TH

Butler Public Power District

1331 N 4th Street

David City, NE 68632
